FaceMetrics – AI Facial Geometry Analysis 2026 | [Live ↗](#) | [github/face-rater ↗](https://github.com/face-rater)
16 iterations (Python CLI → Tkinter GUI → browser). Scores 11 facial metrics via 468 MediaPipe FaceMesh landmarks – 100% in-browser, zero server. Webcam + auto-brightness enhancement; gender-specific dimorphism weighting.
JavaScript · MediaPipe FaceMesh · Canvas API · Python · OpenCV · NumPy

Space Shooter 2025 | [Play ↗](#) | [GitHub ↗](https://github.com)
2D arcade shooter: Python/pygame → pure JS Canvas.
Thrust+inertia physics, two AI enemy types, power-ups, particle FX, touch support.
JavaScript · Canvas API · OOP · Python/pygame

Interactive Portfolio (Windows OS Style) 2025 | [Live ↗](#)
Draggable-window desktop resume – music player, GitHub heatmap, rotating wallpapers. Pure HTML/CSS/JS, zero frameworks.
HTML · CSS · JavaScript · GitHub Pages
